# NOVEMBER 2023

## EXECUTIVE SUMMARY

November has been windy and warmer than last year with the need for more moisture to be applied to maintain growth plant.

Trimming of hedges has been a major activity as Spring growth is starting to mature.

Areas like the Water Race have improved noticeably with the Murraya showing good healthy green foliage.

Zinnias have been planted at the rose garden are just starting to produce good growth.

Link terrace gardens have received new plantings and these are growing on.

Growth in lawn is slow and still showing signs of exposure to warm dry windy weather.

Regular irrigation is essential for health plant growth therefore have all irrigation system functioning properly is vital.

Weed control has been a major attention and more work is required.  
Clean up and trim Gloucester park.
